Dear Representative,

I am a survivor of an automobile accident. My accident was in 2003. I was crossing the street and got hit by a truck. I have been receiving medical and therapy services since then. Auto No Fault has provided the therapies needed for me to be able to walk again! I was also able to go through speech therapy to help repair the deficit in my communication skills. If they were to get rid of Auto No Fault insurance I would be homeless, unable to pay for my housing. I also wouldn't be able to receive the services needed to continue on my road to recovery. Please say NO to HB 4936.

Sincerely,

A handwritten signature in cursive script that reads "Carol Cameron".
